Jameson, H. G., Renewal, All 24-45-8, Grazing

Harris, N. O., Renewal, SW 18-44-1, Grazing

Morrison, Cecil, Renewal, SE 18-42-2, Cultivation

## Cancer Society Council Formed

Mr. G. M. Pettenger of Calgary, Secretary of the Canadian Cancer Society, Alberta Division, gave a very interesting address to approximately 35 residents of Wainwright and District on Friday night last when a local committee was elected to canvass the town and district for funds to be used by the Society in its fight against the dread disease of cancer.

Mayor Robinson acted as Chairman of the meeting and introduced Mr. Pettenger.

Mr. Pettenger gave a very brief history of the Cancer Society and the work that they were doing. He stated that the Cancer Society had been set up in the United States to help cancer victims, and those suspected of cancer. While for the most part the Cancer Society were interested in helping cancer patients, he stressed that education had a very prominent share of their expenditures. He stressed the need for early diagnosis as it was only in this way that treatment of the cancer could be readily effective.

The highlight of the meeting was the films shown to those present, and more than anything they outlined clearly the purpose of the Society. The film was based on an actual cancer case that the society had dealt with. Actually it was not a cancer case, rather it was a suspected cancer case. The story ended with the patient actually not having cancer but merely similar symptoms. This film drove home the fact that early treatment is essential if it is to be effective.

At the close of the films a question period was thrown open and some questions were asked, showing quite an interest in the cancer question.

Mayor Robinson opened the meeting for nominations, stating that Dr. J. Middleton, if he would accept, would be a very capable chairman. Dr. Middleton thanked the meeting for his nomination and gave his assurance that he would be pleased to act in the capacity as chairman for the Cancer month in the United States and that the same month would be Cancer month in Canada.

It is expected that an all-out drive for funds would be underway during that month and that everyone is requested to lend their support to this worthy organization.

## Result of Municipal Elections Held Sat.

The elections of the Municipal District of Wainwright No. 61 were held on Saturday, March 15th, with the poll by poll result found below.

Purser Councilor's Poll was held by the town and district for funds to be used by the Society in its fight against the dread disease of cancer.

Mr. C. Wilbraham, returning officer for the election, stated that it was not quite as heavy a vote as could have been expected. There were somewhere in the neighborhood of 400 names on the voters list and only a little over a third of these people availed themselves to their franchise. The conditions of the roads might have played a part in the small vote, as with the recent spring thaw, the roads are somewhat in a muddy shape.

The following are the official results supplied to the Wainwright Star from the Returning Officer, C. Wilbraham, on the Municipal District of Wainwright No. 61, Election Officer for Division 5 and 6.

DIVISION 5	
Candidate	Ballots
Black John Jr.	10 13
Board, Geo. A.	6 5 0 1 0 2 14
Smeale, P. T.	11 37 41 15 19 123 136

## Ines Pawsey Crowned Edgerton Carnival Queen

Over 400 people from Chauvin to Irma gathered at the skating rink Saturday to see Ines Pawsey crowned Edgerton Carnival Queen.

The attendees were Edith Hallett and Betty Strayer, the train bearers Billie Spornits and Jackie Taylor, pages Billie Johns and Kenzie Bishop and the crown bearer was Doreen Challenger.

The judges, Mrs. Geo. Steele, Mrs. Ralph Reed and Mrs. Ralph Challenger, had a hard time picking the winners in the separate classes from more than a hundred costumes. The following is the list of winners:

Under school age—1st Jimmie Strayer; 2nd Sharon Geddes and Sharon McKay tied; 3rd Cynthia McGaughey.

Under school age, comic—1st Dick Ridd; 2nd Jimmie Montgomery, 3rd Reggy Bell.

Grades 1 and 2, fancy—1st Marjorie Wilson, 2nd Kenzie Darby, 3rd Sandra Montgomery, Comic—1st Dennis Wilson, 2nd Elsie Nowak, 3rd Marie Bell and Bernice Crane tied.

Grades 3 and 4, fancy—1st Darlene Burton and Peggy Charlie tied, 2nd Patsy Geddes and Elsie Mikes tied, 3rd Ines Sawyer, Comic—1st Lemle Bowthly, 2nd Chester Spornits, 3rd David Miles.

Grades 5 and 6, fancy—1st Betty and Tommy Withnell, 2nd Shirley Redman and Dorothy Wilson, 3rd Jean Moskowich, tie, Comic—1st Graham Brown, 2nd Frances Freagall and Joan Welsh tie, 3rd Billy McBride.

Grades 7, 8 and 9, fancy—1st Dick Welsh, 2nd Nina Sawyer, 3rd, Bernice Taylor, Comic—1st Bob Harrison, 2nd Kay Johnson, 3rd Harry Harrison.

High School, fancy—1st Marguerite Roberts, 2nd Joan Spornits, 3rd Rosemary Withnell and Doreen Johns tied, Comic—1st Thelma Burnett, 2nd Peggy Shaw, 3rd The Devil, Reg. Hahop.

Open Fancy—1st Del Harrison, 2nd C. C. Welsh, Comic—1st Jack Geddes, 2nd Mrs. Bob McKay and Mrs. R. Sanford, 3rd Bud Spornits.

Every person in costume received a chocolate bar. Peggy Brown won the lucky draw with ticket number 196. Due to the soft ice it was impossible to hold the races, chuck wagon race and broomball game as scheduled. Although the weather spoiled part of the program it was still seen by so many parents and grown up in costume having fun with the kiddies. Next year we plan to have a bigger and better carnival than ever.

## Prominent Fabyan Farmer Passes On

The Fabyan district lost one of its well-known and prominent farmers last week by the death of Mr. Walter Gray who passed away on Wednesday a.m. March 12th in the Wainwright hospital. Despite a heart condition from which he has suffered for almost four years, he was active until entering the hospital the day before.

The late Mr. Walter Gray was born in Big Sandy, Tennessee on August 31, 1879, son of Rev. and Mrs. Munro Gray. He came to this district in 1906 and was among the first to settle in the Fabyan district. In February 1914 he married Miss Lillian Clark and together they have made their home here until the present. He was a very successful farmer and always interested in all community and sport activities and was ever ready to lend a helping hand where needed.

Left to mourn his passing besides a loving wife are two daughters, Doris (Mrs. Stewart Penton) of Irma, Alta, and Virginia (Mrs. Elmer Budgen) of Dap, Alberta, also an elder brother Mr. Edmund Gray in Tennessee.

The funeral was held on Saturday March 15th at 2:00 p.m. from the United Church in Irma, with Rev. Hughes officiating at the church and graveside. Interment was in the Irma cemetery. Mr. Gray's funeral parlors were in charge of arrangements. Pallbearers for the deceased were Messrs. Wm. Johnson, Wm. Milton, J. C. Crawford, W. Adams, G. B. Golding and Henry LaPalme.

There were no flowers by request.

## At The Elite Theatre Friday and Saturday "Blue Skies"

Your heart will sing in tune with the great melodies of that greatest of all song writers—Irving Berlin—brought to the screen in a story that shines with radiant romance.

An award picture in technicolor starring Bing Crosby, Fred Astaire and Joan Crawford.

—ADVT.

## March 27th Red Cross Night At Elite

Mr. Phil May, owner of the Elite Theatre, Wainwright, reported to the Star this week that Thursday, March 27th, will be Red Cross night at the theatre. He stated that as it was the custom of former years, he would donate half the proceeds of the showing of "The Thrill of Brazil" to the Red Cross.

"Thrill of Brazil" is set in Rio de Janeiro in a night spot where Wynn produces the shows. These shows are good enough but Wynn is a perfectionist who also wants to get back with his not properly divorced and apparently still loving wife, Miss Keyes. She appears on the scene with Allyn Joslyn.

Miss Keyes has a paper necklace for the divorce which Wynn must find. At length he does and then it's lost through some Wynn conniving. There's a good deal of rignormole ensuing before the light story is set to rights and in between these mock-serious things one is regaled with number after number.

## Local Boys Ship Goes To The Breakers

The H.M.C.S. "GATINEAU" after 12 years of meritorious service has been decommissioned and towed to the Naval Yard to be broken up according to a Canadian Press dispatch.

This 326 foot destroyer saw action at Dunkerque, Singapore, and the North Atlantic. Mr. R. A. Wilbraham now attending Wainwright High School served aboard this battle vessel. Canadian Wainwright as a Gunner and Quartermaster. Bob received an Official Naval Photograph of his ship on receiving his discharge from her. Like all sailors he is taking this news rather hard. Never mind Bob you may be using your blades made from her sides soon.

—Con.

## March Meeting of W.I. Held Last Week

The monthly meeting of the W.I. was held at the home of Mrs. Koshuk on Thursday, March 13th. There were ten members and three visitors present. Mrs. Symes, president, was in the chair. After the business had been dealt with Mrs. Wilbraham read a paper on the proposed Provincial Legislation relative to the Huttenite land ownership question.

Theaffle gift donated by Mrs. McNally was won by Mrs. W. Carrell.

The next meeting is to be held at the home of Mrs. W. Carrell on Thursday, April 10th. Hostesses Mrs. P. May and Mrs. Plank. Roll call to be answered by exchange of plant slips and seeds.

**ST. JOSEPH'S ACADEMY THEORY RESULTS**

At the recent theory examination of Toronto Conservatory of Music, held at St. Joseph's Convent, the following pupils were successful:

Grade III Harmony: First/Class Honours—Eleanor Meyer; Honours—Margaret Suesle.

Grade III History: Honours—Audrey Symes.

Grade III Theory: First/Class Honours—Margaret Miller and Harry Alwood.

## Sea Cadet Notes

The Sea Cadet parade on Tuesday, March 4th, took the form of a party consisting of games, lunch and dancing.

A regular parade on board ship was held on March 13. Mr. Wilson, public school principal, was a visitor. Division 1 and 2 continued with practical first aid under Mr. Simonson, while Division 3 drilled under Mr. W. Snyder. During the second half Division 1 and 2 had practice in rifle drill, while Division 3 had signals.

Lt. C. A. CROMIE, RCRC Executive Officer for Commanding Officer

Some people go around looking exclusive and feeling excluded.

Blaming others is the real opiate of the people.

## Mrs. M. Tansley Dies In Edmonton

Many of her old friends and acquaintances will learn with regret of the death of Mrs. Maria Tansley who passed away after a very brief illness in Edmonton on Wednesday, March 12th. She had enjoyed good health until taken suddenly ill on Wednesday and died en route to the hospital.

The deceased was born in England in 1859 and came with her husband and family to Wainwright in 1911. Her former husband Mr. Ward predeceased her several years ago. Four years ago she married Mr. William Tansley and they moved to Edmonton where they have made their home since.

Left to mourn besides a loving husband are four daughters, Mrs. Jeaning, Vancouver; Mrs. Frances Westroff, Sheffield, England; Mrs. Frances Anderson, Chicago, Alta.; and Mrs. Grace Marie Terry, of Calgary, also three sons, Messrs. Harvey Ward, Sr., Wainwright; Harvey Ward, Jasper, Alta.; and C. E. Ward of Winnipeg, Manitoba.

The remains were removed to Wainwright from Edmonton for burial in the family plot with Mr. Loode parlor in charge of arrangements.

The funeral was held on Monday from St. Thomas (Ang.) Church at 2:00 p.m. with Rev. Dean Trendall officiating.

Pallbearers for the deceased were Messrs. G. Graham, G. Gregson, P. M. Armishaw, R. Wilkins, C. Coleman and T. Caplehorn.

Many lovely floral tributes of love and esteem were received.

Honorary Pallbearers: Hon. Dorothy and Wendy; Henry and Anna; Esther and Family; Grace, Arthur and Family; Daley and Jim; Mrs. E. Gehring and Gus; Mr. and Mrs. F. R. McLeod; Mr. and Mrs. Hyland; Roy and Mrs. Fossell and Boys; Mr. and Mrs. A. Forbes; E.R.C. of A.; Mr. and Mrs. R. A. Snyder; Employees of Imperial Oil Co. Refinery Calgary; Mrs. Sheane, Pere and Dot; Mrs. Dugden, Vancouver.

When decency ceases to be contagious, it loses its immunity to evil.

Idea worth dying for are what makes life worth living.

## Red Cross Drive Going Full Swing

Officials of the Wainwright branch of the Red Cross reported today to the Star that the drive for funds is now going great guns and up to press time there had been over \$500.00 collected.

Due to sickness of the canvassers and inclement weather the drive was rather late in starting.

It was pointed out that if anyone was not contacted in the 1947 drive, and they wished to give to the Red Cross, that donations could be left at the local banks or with the post-masters at the post office.

To clear a misconception that some people might have, it was brought to the attention of the Star, that only 15% of the funds raised stayed with the local Red Cross branch. The other 85% is turned into Red Cross headquarters where it goes into the common fund to support the old post hospitals, the blood donor service and the other functions that the Red Cross has obligated itself to do.

Donations to the Red Cross are deductible from income as well as the Income Tax Division is concerned. It was felt that this was not generally known by the residents, and the Star was asked to bring this to the attention of its readers.

## CARD OF THANKS

We wish to extend our heartfelt thanks to all our friends and neighbors who so kindly assisted and for the words and acts of sympathy at the death of our beloved husband and father.

Mrs. Walter Gray, and Mrs. Elmer Budgen and Mr. and Mrs. Stewart Penton

## Study Club Meets

The members of the Study Club of Blessed Sacrament Parish, met at the convent on the evening of February 25th. Rev. Father J. Lavigne from Chauvin, gave an interesting lecture on "Parish Spirit".

A delicious lunch was served by the boarders of the convent. A social hour was then enjoyed by everyone.

The members of the Study Club met again on the evening of March 11, at the rectory. The guest speaker was Captain Scholke, who had just returned from India. He gave an interesting lecture on that country. An enjoyable lunch was served by Misses Elizabeth Buhl and Patricia Madkins. All enjoyed a social hour.

—Con.

## New Equipment Added To Local Garage

Mr. Leo Messier, proprietor of Leo's Garage, in an interview with the Star last week reported that he had just installed a new "Sun Motor Tester". This mechanical device, as he explained it, is the latest word in time-up equipment, and that he is proud to display the first piece of equipment of this make and style in Wainwright.

When asked just what this machinery did, Mr. Messier explained that it could do everything in the line of time up work on any make of car, truck or tractor.

There are eight gauges and various other accessories to comprise the whole unit.

Further in the interview, Mr. Messier stated that he now has over \$10,000.00 worth of engine time up equipment. This latest addition is all mounted on one stand and has wheels that make for easy movement around the shop. It was pointed out that the whole unit could be attached at one time making a tune-up job complete with no guess work attached.

## Mixed Bonspiel Winds Up Curling

Last Thursday night saw the final play in the mixed curling bonspiel held during the past two weeks. There were 36 rinks entered and fun and good sportsmanship were the key notes of the whole affair.

It was the intention of the draw committee to try as hard as possible to even each rink with two men and lady players. This was not possible in all cases as there was a shortage of lady players this season. Where it was necessary to play three men and one lady to a rink, the teams were divided to give approximately the same strength in each case.

The prizes offered were very good and in most cases were very evenly distributed.

Winners and prizes of the Grand Challenge Primary event were: 1st, W. Cowley, Hot Plate and Electric Toaster; 2nd, H. Koch, Red Lamp; 3rd, B. Cameron, Toilettries; 4th, D. Beuching, cup and saucers.

Winners and prizes of the Secondary event of the Grand Challenge: 1st, T. Nugent, glasses and tray set; 2nd, G. John, Dutch oven; 3rd, P. Roberts, stationary; 4th, A. Kleinmeyer, cups and saucers.

Consolation event—1st, W. Carl, mirrors; 2nd, J. Mitchell, pictures; 3rd, J. Fairburn, eggs and theatre tickets; 4th, E. Lane, Dutch shoes with overhauling flowers.

Due to pressure on space this week the Star is unable to give a complete list of the winning rinks personnel.

**O.E.S. ENTERTAINS**

Connaught Chapter Order of Eastern Star entertained the Masons and their wives last Wednesday night. Mrs. B. Roberts won ladies 1st in the drawing. Mr. C. Alexander gentleman 1st. Mrs. Ted Forrance ladies 2nd and Mr. Glen Alexander gentleman 2nd.

A lovely lunch was served and all present expressed the wish for many more social get togethers.

## SHEEPSKIN FLATS

The play sponsored by the "Young Peoples Club" under the direction of Mrs. Elsie Trotter will be produced Friday, March 21st, at the Park Hall at 8:00 p.m. sharp.

We are sorry to hear Mr. Garnet Hughes is having trouble with his foot again and hope to see him around soon.

Mrs. Bob Roberts spent the week-end with her parents, Mr. and Mrs. G. Boyd.

## EDGERTON

The free picture show tickets donated by the Co-op Store drawn at the show were won by Mrs. W. C. Taylor, Mrs. Marie Challenger, Mrs. Wilson and Chris Christenson. The ballot box is in Mele Garage this week.

Among the business visitors to the city last week were B. Crane, Bob Mackay, Tom Shaw, Jack Geddes and Dick Saker.

Shirley Richmond took Janet by her hand to visit her grandma, Mrs. W. Reynolds.

Mr. Calvert of Lac la Biche has been visiting with his son and daughter Alce Calvert and Mrs. H. Brown. Four couples of lady couples came down from Paradise Valley Tuesday. Unfortunately Mrs. Tisdale, one of the players, fell and caused what appeared to be a bad sprain to her ankle. She was taken to Mrs. Bullymore's for first aid.

The Edge Valley players staged a very successful play "Up the Hill to Paradise" There was a large and appreciative audience. The play was followed by a dance.

The Edgerton and Battle River Telephone Company held their Annual meeting Saturday, J. L. Smith, N. Pickard and Henry Arneson are directors. The chief topic of discussion was whether there should be a change in telephone service from day service to continuous. After discussing it from all angles the meeting declared unanimously in favour of continuous service.

Don't forget the Annual meeting of the Edgerton and District Savings Union. An interesting meeting is expected. Mr. Chas. Gould of Edmonton, supervisor of credit unions, will be the guest speaker. There will also be a special film shown.

## FABYAN

Mr. and Mrs. J. Holt's grandson, Jimmy Holt of Vancouver, won first prize of \$50.00 in the Kinsmen Club's Amateur Show. The following paragraph is the heading of a Vancouver paper:

A warm-hearted audience at the Kinsmen Club's Amateur Show last night figuratively applauded a bicycle into the eager hands of 11-year-old performer Jimmy Holt when he unveiled his maximum response to his vocal solo "The Musical Boy" thereby voting him winner of the \$50 first prize. Incidentally young Jimmy won a gold watch last year in the same event.

Mr. and Mrs. Geo. Smith returned home last Friday after an extended visit to the States.

To correct an error in last week's Fabyan news, in the hockey game between Paschenedale and Autumn Leaf, Paschenedale won 6-5, sorry boys.

The Fabyan district mourns the sudden death of Walter Gray, old-timer in this district for many years. Walter was a colorful figure through his business and sport activities, we all extend our deepest sympathy to the family.

If you happen to see Mike Roth's truck driving by, well it isn't Mike, it's Adelard Touchette, the new owner.

## GERALD

The last two meetings of the Farm Forum have been held at the homes of Mrs. C. Borch and Mrs. I. Hamilton. The broadcasts referred to future farm prices and to farm labourers and their wages. Some interesting discussions and reminiscences took place.

A card party and dance was held in Gerald school on March 5th in aid of the Junior Red Cross. Music for the dance was supplied by Mrs. Myggland and Miss McDonald.

Many of the school children and others in the community have been sick with the 'flu.

Mr. J. Perkins attended a meeting at Paschenedale and gave an address on Credit Union activities.

A successful sale of farm goods was held at the home of Mr. and Mrs. Howard Murray on Friday.

Mrs. I. Hamilton left on Saturday for Edmonton where she will attend the conference of the Women's Missionary Society.

Mr. E. Campbell returned home on Saturday after a winter spent near Eason at a lumber camp.

## FOR PROMPT TAXI SERVICE

Phone 41

Wainwright Taxi

GEO. JACKSON A. JORDIE

## DEATH

Mr. and Mrs. New Thomas of Grande Prairie who are visiting at the home of Mrs. Duncan brother and sister-in-law, Mr. and Mrs. H. Walker, have been renewing old acquaintances in the district.

Mrs. T. Tribe (nee Margaret Bartlett) of Edgerton was a guest of her grandparents Mr. and Mrs. J. Bartlett, Sr. this last week.

Kenneth Davis is having a short holiday with his parents in Edmonton.

The National Film Board is presenting a community film program in the Health School at 8:00 p.m. on Friday, March 21st. The feature being "Don't Be a Sucker" and "Search Unending". As the three preceding programs were cancelled because of roads and illness it is hoped we have better luck this time.

## WHITE CLOUD

The house Mr. Gardner and Mr. McLean are building in town is almost finished.

Mr. A. Hanson has been helping Mr. "Slim" Plaxton remodel his barn. The dance and card party held at the school on the 14th was enjoyed by all. Winners were: Miss H. Yagor, lucky lady, Mrs. V. Treffry consolation, Mr. J. Tondy lucky man and Ernest Myer consolation.

Sharon Myer visited with Mrs. Tondy over the week-end.

Mrs. H. Tondy visited with Mrs. L. Babo one day last week.

We are very sorry to hear that Miss Georgina Gardner has been ill and in the hospital. We wish her a speedy recovery.

## GREENSHIELDS

Ladies Aid was held at the Morrison home with Mrs. Murdoch and Mrs. Morrison serving a delicious lunch.

Mrs. Johnson of Edmonton was visiting her sister Mrs. Boyko for a few days.

Mrs. Fomares and Shirley of Charlton were visitors at the Francis home during the week.

Greenhields school was closed Thursday and Friday due to the teacher, Mrs. Daniels, having her turn with the 'flu.

We notice the papers are budding so Spring should be here before long.

Mr. Fletcher of Irma paid a short visit to the Bishop's on Friday.

Pupils of Greenhields school have been selling tickets on an end table and were able to raise enough money to purchase a new radio for the school. Good going kids!

The draw for the end table will be made shortly. Let's hope you're lucky.

Mr. and Mrs. R. A. Carl have the latter sister and brother-in-law of Manville as week-end guests.

## AUCTION SALES

As a service to our readers, as well as the auctioneers that have their bills printed at the Star, each week will appear a list in this column of the Auction Sales that we are aware of. To start the list this week the following are on the agenda:

MARCH 26th—Maurice Nowisky owner, 2 miles east and 5 1/2 miles north of Wainwright, Bowerman & Boyd Auctioneers.

MARCH 26th—Mrs. Irma Touchette, owner, 10 miles east and 3 1/2 miles south of Wainwright, Bowerman & Boyd Auctioneers.

APRIL 3rd—Adam Spence, owner, 4 miles north and 1 mile east of Ribstone, Reynolds and Oxbay Auctioneers.

## A.F.U. Notes

A meeting of the Battle River Local of the A.F.U. which was well attended was held at the home of G. Tindall, Sr. on March 4th.

It was decided to send resolutions to the Dominion and Provincial governments protesting any increase in the price of gas, also to request some changes in income tax laws.

It was also decided to call a public

## ANNOUNCEMENT

## Complete Tire Vulcanizing equipment

Now in Wainwright all sizes of tires up to 700x20 vulcanized and repaired by latest, modern methods

CONTACT: Sam Smith

AT REYNOLDS GARAGE

## Hill House

The Rose Willow W.I. gathered at the home of Mrs. M. Olson for their March meeting with eight members present. Mrs. McVern presided at this meeting.

The meeting opened as usual followed by a very interesting roll call which was well answered by everyone.

Following the reading of the minutes Mrs. Sewell gave an interesting report on handicraft work. Mrs. Olson then gave a reading on Irish customs, character and superstitions, this was enjoyed by all.

It was agreed that all members bring a basket article to next meeting.

We decided to raffie a pair of wool blankets at a later date.

After the business meeting Mrs. Olson conducted a musical contest which was won by Mrs. Avison. Mrs. Sewell won the raffie.

At the close we all did justice to a lovely supper prepared by our hostesses assisted by Mrs. Black and Mrs. Sewell.

The next meeting will be held at Mrs. Canyon on April 3rd with Mrs. Olson and Mrs. Plaxton serving. Don't forget your topics for the stump speeches, ladies.

## With The Field Supervisor

By F. W. Madden

## WARBLE FLIES

The Warble Fly Campaign is about to be launched. The M.D. of Wainwright has purchased a Power Sprayer to be used for the spraying of cattle for warble flies as well as the many other uses it has, such as spraying weeds, trees and sheep.

A warble spraying campaign is being organized and we hope to spray as many cattle as possible throughout the M.D. this spring. The sprayer will be leaving Wainwright on or about Monday, March 31st.

It is only through the full co-operation of the farmers that this spraying service can be made a success. We are asking each and every farmer with accommodations for spraying cattle or if you know of accommodations to let the District Agriculturalist or myself know as soon as possible so that a proper route can be organized.

The spraying season is short and is a large area to cover, so don't delay let us know if you wish your cattle sprayed.

The Wainwright and District Agriculturalist Improvement Association are handling Warble Fly Powder for hand use. Any farmer with a small herd who does not wish to use the Power Spray service may purchase this powder from the Co-op Store in Wainwright at the cost of 45¢ per pound. One pound will treat from 25 to 30 head.

meeting at Paschenedale school to have the District Agriculturalist explain newer methods of Warble Fly Control. April 1st was selected as the date for the next meeting which will be held at Paschenedale.

—Con W. F.

Fixing the fault is better than fixing the blame. It's more fun, too.

There's nothing like being at the end of the rope to get you back on the line.

## A VERY WISE MOVE

Of much concern to the farmer in the Municipal District of Wainwright during the past few years, and of much concern to the leather industry, the newly launched Warble Fly campaign should meet with the approval of everyone.

The local District Agriculturist and the Field Supervisor of the area have been very interested in helping the farmer obtain more money for their livestock. The warble fly has caused untold millions of dollars worth of damage during the past few years, and an attack to the problem is to be made this year with the purchase of a new power sprayer by the M.D.

To the people living in a town or city the subject of warble fly holds little interest, but for the rural residents the subject is of great importance.

The other day the Editor had the chance of seeing some leather samples that had been taken from a hide that was badly infected with warble fly. In an area of approximately 200 square inches of leather there would be, and it is only a guess, over 150 small holes. The hide that this leather was taken from would be of little use for anything. We were very interested to know of the warble fly and its habits and how the damage is done to the hide. It was fully explained by the District Agriculturist and the Field Supervisor. It seems that the fly lays its eggs on the steer or cow, and the offspring burrows under the skin making an extensive trip throughout the animals body. When the grub come to rest in the back it must have air and hence eats a hole in the skin, making it useless for the leather industry, which depends so much on the western cattle market for their raw material. Also at this time the animal suffers very much. Her thrift is impaired with annoyance and pain caused by the grub.

All the above can be prevented by spraying each animal two or three times with a certain inexpensive spray preparation. The cost is very small, hence the Provincial Governments slogan "60 new means \$5.00 later".

As was requested at the M.D. Annual meeting, and as noted in the council minutes of this weeks Star, the M.D. Council has purchased the necessary equipment for this spraying procedure. They are to be congratulated on their speedy action in the matter. It will surely be a boon to the farmers of the district who wish to avail themselves to this equipment. Also it is pointed out that the spraying equipment can be used for various other spraying jobs such as weed control, tree spraying, etc.

What remains to be done must be done by the farmers of the countryside. The local M.D. office with their trained staff of agriculturists would be only too willing to talk over any problems that farmers might have. This is a service to the residents of the M.D. which shouldn't be overlooked.

## MORE CONSIDERATION NEEDED

Complaints regarding radio interference in sets operating in Wainwright are again being heard in an increasing number. Calgary River officials here co-operate as much as possible and endeavor to track down these complaints, and invariably they find that the interference originates from faulty switches, un-suppressed electric razors and motors, or careless and thoughtless handling of electrical appliances in the home.

Radio interference is annoying and irksome, but it can be eliminated only through the full co-operation of all those who use electrical energy in Wainwright. Those who use electric razors should have suppressors to eliminate or at least reduce, the radio interference from this cause; those homes with faulty and loose connections should have these connections fixed or tightened. Only by attending to these small but not insignificant corrections can radio reception in town be improved. Power and radio officials can locate and correct the big causes of radio interference in town—but it is impossible for them to trace down all electrical defects in offending homes.

This puts the solution up to the residents themselves. If your radio reception is bad, check your own electrical connections and all appliances before complaining about the interference in your neighborhood. If everyone does this, the annoying and unnecessary static and interference will be eliminated.

The Board of Trade has taken the matter up with the Department officials in Edmonton. They have taken quite an interest in the matter of local interference and have prescribed the procedure of remedying the nuisance. Forms have been made available to the residents on which they are to list the nature of the interference, the time, etc. These forms are obtainable at the local radio shops or from the secretary of the Board of Trade.

The purpose is to show the inspector that Wainwright does have its interference problems, and from looking at the forms, the inspector can get a clear cross section of the town interference picture. If the public would co-operate in the matter of radio troubles the matter could be cleared up in no time at all. What about you?

## CONVENTION OF Reeve Suberland's Report

CONTINUED FROM LAST WEEK

About two years ago Dr. Love of Elk Island Park met with us on instructions from Ottawa and informed us that until the Department of National Defence gave up the area nothing could be done regarding the project. During the month of August last fall three other federal men made a survey of the area and informed us that the park area would make the most ideal Community Pasture they had ever come across and that they intended to strongly recommend it to be used for that purpose. At that time those men fully expected the Department of National Defence to be giving it up in the near future. Since that time things have changed and it seems they intend continuing to use it as a training camp for the Permanent Forces. In January we made further enquiries and a few days ago I received a letter from the Honorable Mr. MacKinnon, Minister of Trade and Commerce, Ottawa, which with your permission, I will quote:

Dear Mr. Suberland:  
Further to your letter of January 20th, I now have information from the Department of National Defence as follows in connection with the use of the Wainwright Park area.

This Department has just completed negotiations, subject to the approval of the Governor General in Council, with the Province of Alberta which will place the lands inside the boundary fence at the disposal of this Department for training purposes. Some 32,000 acres, originally part of the Wainwright Park Area, will remain with the Province of Alberta for continued use as community pasture land. These arrangements are of course subject to legislation terminating the provisions of the Resources Transfer Agreement, in so far as the agreement refers to the particular lands which were originally reserved for the Buffalo National Park at Wainwright, Alta.

Apparently any arrangements will now have to be made with the Provincial Government in view of the agreement which has been entered into between the two governments.

Yours sincerely,  
James A. MacKinnon.  
We have also had correspondence with the Honorable E. C. Manning, Premier of Alberta, Mr. Robert Fair, Federal Member for Battle River and Mr. William Mason, M.L.A. about the matter.

As many of you are aware, in ranges one, two and three, we make a special levy of 2 mills for doctor services. Dr. Földes of Chauvin has rendered this service for the district for a number of years. We have had to accept his resignation with regret effective 31st March 47, making way, as he points out, for a younger man. To date we have no one in sight and are undecided as to what we may have to do regarding the situation. We have been paying a salary of \$2,800.00 for this service, and I don't very much if we can contract a young doctor for that amount.

We have 120 old age pensioners on

our list, to which, as you all know, we are required to contribute 10% of the cost, also two blind pensioners. There are 30 mothers receiving Mothers Allowances, of which we are responsible for 25%, 9 children under Child Welfare, 3 mental defectives and 7 cases of direct relief. In all those cases we have a certain legal obligation as well as a moral responsibility.

During the year we gave grants to the Canadian Institute of the Blind, Baulah Home, Red Cross, Salvation Army, Wood Christian Home, and we also gave a grant to the Wainwright and District Rehabilitation Board, the above board having members from the various out-lying points in our Municipal District.

For several years we have been giving a \$10.00 a month grant to the local Nation Board, of which the town of Wainwright has been contributing fifty per cent for the last two years. We have been doing this to keep the Board located in Wainwright for the convenience of the ratepayers, otherwise, the powers that be threatened to move the Board to Edmonton.

You may see in your statement a small seed grain account. This is all that is left from the old M.D. of Gilt Edge seed grain, the Government being paid in 1941 by them, therefore this account is direct to the Municipal District from the few farmers owing.

During the year we have been urging the Provincial Department of Public Works to complete Highway No. 14 to the border east, a gap of nine miles, where it would connect up with the Meridian Highway from Lloydminster and the Saskatchewan Highway going east through Marston. We are hopeful that it may be completed this year, as the Minister told us last spring that it was definitely on their five year program. We have also been requesting a continuation of the Vermilion Wainwright Highway No. 41 south to Highway No. 18 north of Coar.

We have received a road grant of \$10,000.00 for 1946 on the usual 50 cents from the Provincial Department of Public Works. This grant does not show in the receipts for 1946 statement as we did not get the cheque until the latter part of January of this year.

We also received \$500.00 from the Imperial Oil Company for damages done to our roads in the South West part of the Municipality South of Irma. This damage being done by trucks and heavy equipment used during their oil exploration operations there.

We were interviewed by various contractors during the spring months and our public works committee finally agreed to give our dirt work contract to Frank Shuman, a local contractor. Owing to starting late in the season and having bad luck with repairs, we did not get quite finished with what we had planned. However, we earned the Government Grant, Mr. Miles Edgerton, contracted for the gravelling of several miles south of Ribstone and completed same. Mr. Featherstone, Wainwright, contracted for 11 miles of gravelling, and completed the part of

contract north of Wainwright on the Gilt Edge road and neighborhood. The three miles south of the Paris still has to be done owing to the ground getting frozen up before we could get a power scraper for the dirt hauling, the grading being completed.

Towards the end of June we received a new caterpillar No. 13 Diesel Motor Grader, the same started work July 2nd and gave us very good service. A week ago we received a new snow plow for the above machine and it gives good satisfaction so far moving snow. This gives us four motor graders now and one motor patrol. We had a little better repair service last summer, but still quite a few delays owing to industrial strikes. We expect this situation to clear up for the 1947 season when industry may have settled down for peace time production.

In September we ordered a car load of snow fences but have not received delivery yet.

During the season we gravelled seven and a half miles, re-gravelled three and a half, graded forty miles, re-graded nineteen and a half miles, as well as the usual patch work and maintaining, etc. Also doing a considerable amount of dirt hauling by power scraper.

A serious problem we are faced with is bridges. We have a number of old bridges in the Municipality, many of them from twenty to thirty years old, unfit for the heavy traffic these days.

The Provincial Department have claimed during the war years they have been unable to replace them owing to war time shortages, man power, equipment, and restrictions on material. There are several applications from our district for replacements, some of them since 1944, but so far no information as to when we may expect to get them. At our annual convention in Calgary, this matter drew a lot of discussion as it is a pressing problem on all Municipalities throughout the province.

You will see by the statement that we are disposing of quite a number of parcels of land acquired by the District through tax recovery, and have a large number of leases both grazing and agricultural. We expect to be able to keep a more accurate check on these lands in the future by having the field supervisor spend part of his time on that business. By looking through the statement it may appear to some of you as if the district had an enormous number of parcels of land but I would like to draw your attention to the fact that practically two thirds of those parcels are not even poor pasture and of only a nominal value so we are getting a revenue out of nearly all of any value.

Mr. Chairman, Ladies and Gentlemen, you all have financial statements before you. Any questions or explanations you may wish to have on any of the items therein, I am sure the members of the Council or our Secretary will only be too pleased to give you to the best of their ability. I thank you.

There's nothing like being at the end of the rope to get you back on the line.

## FARMING NOTES

By Prov. Dept. of Agriculture

### MAGIC SPRAYER

#### WIPES OUT MUSTARD

In June 1946 mustard was wiped out of wheat growing near Regina, Sask., by a machine that applied less than five gallons per acre of a 2, 4-D solution at the rate of 25 of an acre per minute. Farmers call this machine the Magic Sprayer.

These sensational results were obtained in field scale experiments conducted by the Field Husbandry Division, Dominion Experimental Farms, on farms adjacent to the Experimental Farm, Indian Head, Sask., and on the Experimental Sub-Station, Regina.

Observations made by the field Husbandry Division in the year 1945 led to the belief that 2, 4-D could be effectively applied in much less water than the recommended rate. Further investigations at the Central Experimental Farm, Ottawa, in the Spring of 1946 appeared to confirm this theory. The results obtained at Indian Head and Regina are a further verification of this belief, for in these experiments practically 100 per cent of the mustard was wiped out of wheat by 4.4 gallons per acre of a 2, 4-D solution that contained 600 cubic centimeters, this is less than a pint of one of the brands of 2, 4-D. This brand is sold in Canada for \$5.00 per gallon, so that the cost of the chemical was a little less than one dollar per acre.

The mustard was killed before it was large enough to retard the growth of the grain consequently the average increase in the yield of wheat was 2.6 bushels per acre.

No other method of killing mustard

has made so great an appeal to Prairie Farmers. Speed of application, little water and low cost per acre are the outstanding advantages in favour of this novel method of killing mustard.

### COCCIDIOSIS IN CHICKENS FORFEITED

Partly because of the novelty of the new arrivals and partly because the monetary investment is still fresh in mind, baby chicks often receive closer attention during the first few weeks than they do later on. When the chicks are four or five weeks old their apparent robustness tends to lull the poultry keeper into a sense of having passed the danger point, says W. Mountain, Acting Head Poultry Keeper, Dominion Experimental Station, Harrow Ont.

Compensations for vigilance are gained when, by the early detection of coccidia infection the disease is brought under control by prompt combative measures.

In chick feeding tests conducted at Harrow, it has been found that the addition of green food and milk to the diet increased the resistance to parasitic infection to a large extent. Also early chicks, while not entirely immune, seem to be able to withstand coccidiosis better than chicks from later hatchings.

Blood stained droppings may or may not be observed depending on the type of coccidia present, but where a slackening of appetite is noticed and birds with ruffled feathers, and a morbid appearance are seen, then a program of strict sanitation is advisable. Daily changing of the litter and scalding the feed and water utensils will do much to halt the progress of the disease.

Where young birds are confined during the night and let out in the morning it is a good plan to watch the actions of the stragglers. As a rule infected birds prefer the shelter and warmth of their abode to the fresher atmosphere outside and in this manner tend to segregate themselves. These visibly affected birds should be removed.

Over-crowding not only hinders ready detection of coccidiosis, but also sets up, through quickly dampened litter, the most favourable conditions for the transmission of the organism from one bird to another.

Fixing the fault is better than fixing the blame, it's more fun, too.

## \$4,000,000 Highway Paying Program, 1947

Hard surfacing of Alberta highways this year will mean an expenditure of \$4,000,000, according to estimates tabled in the legislature when the 1947-48 budget was brought down. The vote includes \$4,000,000 for main highways, which means many improvements in different parts of the province. The total vote of \$13,000,000 for public works includes large appropriations for municipal, district and secondary highways, bridges and ferries.

Officials of the Alberta Motor Association welcomed the announcement of the government's greatly expanded road program.

This organization has urged for many years that all monies collected by the province in motor licenses and gasoline tax should be specifically spent on highway construction and maintenance. It appears from the budget that this year the program means that the province plans to exceed motor revenues, by its increased outlays on public works, mostly roads.

One of the big projects for the 1947 program will be the hard surfacing of the highway leading from Coutts on the U.S. border, to Lethbridge. This alone will cost \$1,000,000. Main projects also include work on the Trans-Canada highway and the Jasper Highway, in addition to work on the Peace River highway.

### THE SCARCITY OF EDUCATION

The man in the street has no difficulty in understanding why there is a scarcity of bacon, beef, cement and lumber, but an explanation of the scarcity of education today in Alberta is not such an easy matter. Six years of war depleted enormously the farm stock of Europe, so meat and animal products throughout the world are in very great demand. Millions of homes were destroyed by war, and millions more remained unbuilt during the war, so building materials are hard to get.

But the educational crisis in Alberta is quite different from this. There are more students enrolled in the schools than there were ten years ago. There are as many school buildings as there ever were. There are more well-educated people who could be teachers than there ever were. There is more money in circulation and fewer things to spend it on than ever before in peacetime. The set-up should be perfect for PLENTY OF EDUCATION FOR EVERYBODY. And yet, more than 15,000 of our children are condemned to mail-box education, and some thousands more get none at all. This looks like a man-made crisis in education which a wise administration could clean up if it really believed that good schools and good teachers should be the first call upon the province's resources.

## NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Burton  
James of Health in an Edmonton  
hospital on March 12th, a boy.

BORN—To Mr. and Mrs. Geo. Jackson  
of Wainwright at the Wainwright  
municipal hospital on  
March 16th, a girl.

The Star was asked to bring to its  
readers attention the fact that District  
Agriculturist, Mr. S. Robinson,  
and the Field Supervisor, Mr. F.  
Madden, now have a telephone by  
which they may be contacted. The  
number is 51.

Sympathies are extended to Mrs.  
R. Armstrong and Mrs. A. Harden  
and brother Joe on the recent death  
of their brother Mr. Frank Nicholson  
who passed away in the General  
Hospital at Vancouver.

Mrs. Jesse Houghton was down  
from Edmonton for a week visiting  
her sister Mrs. George Pollard.

Mr. and Mrs. Frank Dixon returned  
home after an extended trip to  
Vancouver, Jasper and other West-  
ern points.

Mrs. W. Whelan spent the week-  
end in Edmonton.

Mrs. E. J. Cameron of Travers,  
Alberta, returned home after a visit  
with her brother-in-law and sister,  
Mr. and Mrs. F. W. Watts.

Mrs. F. J. Lepper has left for  
Brooks, Alberta, where she will visit  
her son Harry and family.

The Presbyterian Ladies Aid held  
a very successful St. Patrick's tea  
and cooking sale Saturday afternoon.  
The home cooking table was well  
patronized and all enjoyed afternoon  
tea.

Mr. and Mrs. Leo Messer were in  
the city on business for a few days  
last week.

Rev. Father MacDonald of Ottawa  
was a guest recently at the home of  
his uncle and aunt, Mr. and Mrs. J.  
A. MacKenzie.

Mr. and Mrs. Bud Cotton motored  
here from Elk Island Park last week  
to visit with relatives and friends for  
a short time.

Mr. and Mrs. Carl Stafford have  
returned home after an extended holiday  
at the coast, and Carl reports he  
is much improved in health.

Mr. G. Graham and D. Smith were  
also noted as trippers to Edmonton  
last week.

### At The Churches

### WAINWRIGHT PENTECOSTAL CHURCH

(Masonic Hall)

If you are letting a hypocrite stand  
between you and heaven, then he is  
closer to heaven than you are.  
Sunday School 11:00 a.m.  
Evening Service 7:30 p.m.  
Do not miss the services on Wed-  
nesday and Thursday at 8:00 p.m.  
with Rev. and Mrs. C. Emerson. See  
the picture "The Rapture of the Church."  
REV. H. ROSENKE, Pastor

Among patients reported in the  
hospital this week are included Miss  
Georgina Gardiner from the Bank of  
Montreal staff and Mrs. G. Lambert  
from the local Telephone Exchange  
staff.

Mr. O. Griffith spent a few days  
in the city last week on business.

Dinny Ganderton was home over  
the week-end visiting with his par-  
ents.

Gordon Huntingford spent the  
week-end in town with relatives re-  
turning to his duties at the Metro-  
politan Printing Co. Edmonton, Mon-  
day a.m.

Miss Muriel Williamson is visiting  
at home for a few days from Cal-  
gary having completed a Practical  
Nursing course there.

Sidney MacDonald of Edmonton  
spent the week-end in town with his  
parents, Mr. and Mrs. H. A. Mac-  
Donald.

Mrs. Dorothy Bond spent the week  
end in Edmonton returning home  
Sunday night.

Mr. T. Caplehorn was a visitor to  
Edmonton on Tuesday morning's  
train.

Mr. E. L. Wilson is in the University  
hospital where he is undergoing  
medical treatment.

Mr. and Mrs. Nelson Bergum of  
Sedgewick motored over on Sunday  
to spend a few days with Mrs.  
Bergum's parents, Mr. and Mrs. E.  
Davignon in town.

We understand Mr. and Mrs. Sam  
Wilson left Edmonton the first of  
the week to motor to Calgary where  
they plan to take up residence.

The members of the local Elk  
Lodge are holding an "At Home" on  
Tuesday evening, March 25th, and  
plan a social evening for the Elk's  
and their wives.

Many of their old friends will be  
interested to learn that Mr. and Mrs.  
J. Padmos (nee Lorene Wilson) and  
Dickie are now living in Detroit,  
Mich., and report they like it fine.

Mr. and Mrs. C. H. Reynolds were  
in the city for a few days the first  
of the week.

Mr. Jack Peacock, accompanied by  
Mr. Tom Sheridan left on Saturday  
last for a trip trucking freight to  
Great Slave Lake.

### Hockey

WAINWRIGHT (47) 2 vs SLIGO 2  
Wednesday night March 12th these  
two teams met on the ice, Sligo were  
there with the intention to win and  
played a much better game this time  
giving the Wainwright defence and  
goalie a lot of hard work to keep them  
out. Jim Madkins in goal for Wain-  
wright did a splendid job of goal  
keeping. It must be remembered that  
Madkins is the goalie from the Mid-  
gets A team and the boys of the 47  
team are quite pleased with Jim's  
work in this game.

Wainwright had most of the play  
and at times showed the Sligo goal  
with shots which kept Chester Zajic  
busy, but Wainwright lacked the  
finish in front of the goal, Zajic did  
some good work and needs a lot of  
credit for keeping the score down.  
The score at the end of the game was  
Wainwright (47) 2 Sligo 2. Goals  
were scored by L. Alexander, Zajic  
ed from Sheffield, Sheffield assist  
from Gerald Ford for Wainwright.  
The goals for Sligo were scored by  
H. Zajic and Smale assist by McTurk.  
After over time play the score was  
still 2 all.

Wainwright line up—Madkins, T.  
Pon, C. Kyle, G. Ford, Hill, Buckton  
J. Kyle, Sheffield, N. Pon, Murray  
Alexander and May.  
Sligo line up—C. Zajic; R. Postans;  
R. Snell; F. Ford; McTurk; Smale;  
Carey; I. White; S. Postans; E.  
White.

### CARD OF THANKS

I wish to take this opportunity to  
thank all who have been so kind to me  
during my long illness. The books,  
flowers, cards, fruit, visits and many  
other kindnesses were greatly ap-  
preciated. Thank you.  
MRQ. L. BAXTER

### CONTINUATION OF

M.D. COUNCIL ENDORSE

LARGER HOSPITAL

Continued from Page 1

guishers for the Municipal Garage  
from W. L. Rattray at a cost of  
\$25.35 each. Carried.

Moved by Mr. Archibald that the  
report of Councillors Taylor and  
Dallan as to their interview with the  
Minister of Public Works and Mr. W.  
Mason, M.L.A., as to the completion  
of the Baskinshaw boundary be accepted. Carried.

Moved by Mr. Archibald that the  
damage claim paid in 1946 to Benoit  
for \$100.00 and to Davis in 1947 for  
\$175.00 be debited to Division 4 and 3  
respectively from their 1947 Public  
Works Allocation. Carried.

Moved by Mr. Taylor that Bylaw  
135 of 13th October 1945 for the  
purchase of one Allis Chalmers Motor  
Grader for \$12,000.00 be cancelled.

Bylaw No. 188 for the purchase of  
one Allis Chalmers Motor Grader for  
the sum of \$12,000.00 be accepted.

Bylaw No. 188 received its three  
readings in regular form.

Secretary was instructed to advise  
the Richardson Road Machinery  
when to ship culverts ordered from  
Mr. Rice this date and that the  
Council wish this order placed  
through the Association.

AGRICULTURE SERVICE BOARD  
The matter of purchasing a Power  
Sprayer for Weed Control and Con-  
trol of the Warble Fly discussed.

Bylaw 189 authorizing the pur-  
chase of one Hardie Duplex Sprayer  
with attachments presented.

By-law No. 189 then received its  
three readings in regular form.

Moved by Mr. Spencer that a  
Petty Cash Fund of \$100.00 be made  
available to the Field Supervisor of  
the Agriculture Service Board. Carried.

Moved by Mr. Archibald that all  
receipts from the spraying of ani-  
mals, eradication of weeds and other  
services deposited with the Municipal  
District and a detailed account-  
ing be kept of this machine, so that  
the capital expenditure will be finally  
liquidated. Carried.

Moved by Mr. Spencer that this  
Council approve the recommenda-  
tion of the Service Board in delegat-  
ing (at the Department of Agricul-  
ture, Ottawa, Canada) Messrs. Moore  
and Maddox to attend the Agriculture  
Service Board Conference being held  
in Edmonton 26th, 28th and 29th of  
March, 1947.

Moved by Mr. Sutherland that  
Henry Budesheim be granted the  
Municipal permission to carry on a  
Barber Shop business at Hill-  
stone.

Moved by Mr. Sutherland that the  
Budget meeting to prepare the 1947  
Estimates of Revenue and Expendi-  
ture be held on Monday 31st March,  
1947, the regular meeting of the Fi-  
nance Committee, Tuesday, 1st April,  
1947, and the next meeting of the  
Council be held on Wednesday and  
Thursday, 2nd and 3rd of April 1947,  
and that the returning officer notify  
the Councillors accordingly.

### CARD OF THANKS

The Catholic Ladies Aid wish to  
thank every one who helped make  
the St. Patrick's Dance on Monday,  
March 17th, such a success; also  
many thanks to all those who attend-  
ed and patronized the dance so well.

### CARD OF THANKS

We wish to extend our heartfelt  
thanks to our many friends for their  
acts of sympathy and kindness dur-  
ing our recent bereavement, also for  
the beautiful floral tributes and the  
use of the cars for the funeral.

THE WARD FAMILY

### CARD OF THANKS

I wish to take this opportunity to  
thank the Doctors and Nurses at the  
hospital who were so considerate  
during my recent stay in the hospital  
also thanks to all who visited me and  
helped to make the time more pleas-  
ant.

JIM ROBINSON, JR.

Modern living, say the health ex-  
perts, takes an unnecessarily heavy  
toll in dental ills. Man is no longer  
willing to eat foods requiring much  
mastication. Jaws and teeth do not  
get proper exercise. Children early  
acquire artificial tastes, when devel-  
opment is taking place. They eat  
too much sugar with, and between,  
meals. Experts point out that people  
can't be healthy and resist disease if  
they have broken-down or decayed  
teeth.

## Notes By The D.A.

By J. R. Babbler

**SCHOOL OF AGRICULTURE**  
May 1 students in this district that many late applications for attending the Vermilion School of Agriculture had to be refused last fall. Now is the time to submit applications to the Vermilion School of Agriculture if one wishes to be sure of getting accepted as a student next October.

**SEED GRASS EARLY**  
The best time to seed grasses and alfalfa is early in the spring. Just as soon as the frost is out and the ground dry enough to work with machinery is the best time to get on with your drill and will result in the best catches of grass seed. Seed right into last year's stubble. The less cultivation and the harder the ground the better the grass seems to grow. Weeds can be clipped with a mower along in July when they are green to be taking needed moisture from the young grass seedlings.

**REB EQUIPMENT**  
Now is the time to get all bee equipment into shape for the coming season. It is good policy to have all equipment in readiness before it is actually needed. The active season generally begins with a rush and a beekeeper's time is fully taken up in giving the bees the necessary attention, to the detriment of equipment if it has not been put into order during the late winter or early spring.

All equipment should be gone over and put into proper working condition. If new equipment is needed it should be ordered at once and put together early. In ordering hives, or hive equipment it is particularly economical to buy them in the flat in crates of five. The material is cut to standard size and ready for assembling. If the beekeeper is handy with tools and good lumber is available it is cheaper sometimes to make the hive bodies, floor boards, covers and stands, using a standard hive as a model.

**FEEDING BEES IN THE SPRING**  
The proper feed for colonies of bees is the nectar and pollen they gather from flowers. In Alberta, in the spring, there is sometimes a lack of these foods. A substitute for this nectar or honey is made of sugar syrup—one part cane or beet sugar to two parts of water. Supplies of sugar have been made available for this purpose by the Sugar Administration. A permit to purchase sugar may be obtained by applying to W. G. LeMaistre, Provincial Apiarist, Department of Agriculture, Edmonton.

Combs of pollen, saved from the previous year should be given to colonies in the spring. If these are not available, a substitute of soy bean flour, made into a stiff dough with a little cane syrup, can be placed on wax paper over the frames of the

**BINGER**  
We do repair work on all makes of Sewing Machines. Bring or send head only to have it put in good condition for your Spring sewing. Full estimate on request. Prompt attention to all work. A good supply of Singer parts on hand.—Singer Sewing Machine Co., Phone 152, Vegreville.

brood chamber.  
Unless colonies are properly provided with these foods they will not rear large quantities of brood to become honey producers in July, the main honey month.

**BIG DAY AT THE VERMILION SCHOOL OF AGRICULTURE**  
The School of Agriculture at Vermilion will soon hold its Little Royal and Achievement Day. A cordial invitation is extended to the public to attend these annual exhibitions. At Vermilion the Little Royal and Achievement Day will take place on Wednesday, April 2nd. All events are scheduled for the afternoon. The Little Royal is a live stock show in which the fitting and training of animals for exhibition is demonstrated by the students. There will be various classes in horses, dairy cattle, beef cattle, sheep and swine. Achievement Day is the occasion towards the close of the term when the shop and class work of all kinds accomplished through the school term is placed on competitive exhibition. This show includes projects in wood-working, metal work, seed exhibits, home nursing sewing, knitting, weaving and other handicrafts. Parents of students are especially invited but these events also offer an opportunity to the general public to visit the Agricultural Schools and inspect much of the work done during the term. Everyone interested is invited to attend these displays at the School of Agriculture.

**MORE ROOM — MORE HARLEY**  
To meet barley requirements in 1947 600,000 more acres will be required in Alberta. The greatest increase is expected on the mixed farms of central and northern Alberta, and to meet the demand the Field Crops Branch of the Alberta Department of Agriculture is taking steps to ensure sufficient supplies of seed. A. M. Wilson, Field Crops Commissioner, says that the growing of barley is likely to prove profitable this year. There is steadily increasing appreciation of its value as a competitive crop in the control of weeds and for those who intend to increase their hog marketings a plentiful supply of barley will be essential. Farmers who need seed, barley should try to obtain seed locally. If unsuccessful they should contact their District Agriculturalist without delay. He knows where seed may be obtained, and can either put you in touch with a vendor in the district or will let you name and endeavor to meet your requirements.

**Weather Takes  
Turn for Better**  
The old song and routine about March winds etc., doesn't seem to hold true this week for there just ain't no winds. Well not at the present at least. Old sol has taken the day off and has shined so brightly of late that it makes one feel good to be alive. Temperatures during the past few days have risen to where it is common to see the mercury climb to 40 and 50 degrees during the day. The heavy snow that was experienced in and around Wainwright during the past four or five months seems to be doing a fast disappearing act. The water is running in the streets, ideal for small children with large rubber boots. The roads in town and country are certainly a mess.

The bare bald spots on high land are now poking their way through their winter blanket, and as one drives through the countryside it is good to see bare dirt again. About July or August one might wish the snow were back again, especially if there is a strong wind blowing, and after all a mouth full of grit is not the most appetizing morsel. You might ask yourself who in the world wrote this nonsense. "Cause I know that", but listen friend the Star goes to many far away places which do not happen to be enjoying the fine weather that we have experienced during the past four days. That's the reason for this paragraph about the weather. Many of the old home town gang are interested in learning about conditions back at the "W" on the railway map. It is for them that we went off the deep and this week. Now don't get at us for like Mark Twain said, "we all talk about it and yet don't do anything about it", the weather we mean.

## For Quick Sale

New building built in 1946, 16 x 20, shingled roof, insulated, finished inside with plasterboard, painted. For sale cheap for cash.

**MARCH 29**  
Will be holding a public auction sale in town on Saturday, March 29th. Anyone wishing to list any goods in this sale contact G. Boyd or S. R. Bowerman before Saturday, March 22nd.
